

General Information for Transfer Students

Note: This information is intended for students considering a transfer to Gonzaga University. **Current Gonzaga students** planning on taking courses at other accredited institutions must complete the “Permission to Transfer Credit” form, available at the Registrar’s Office, prior to taking coursework elsewhere.

The information on this web site demonstrates how the credits you have taken *will most likely* transfer to Gonzaga University. An official evaluation of all transfer credit is sent to each student after he/she is admitted to the university. It is important that the Office of Admission has *all* transcripts prior to a student beginning his/her academic work at Gonzaga.

Please become familiar with Gonzaga University’s Academic Policies, specifically in regards to the Transfer and Evaluation of credit (item G):
