

Transfer Evaluation Information

- Quarter credit hours are converted to semester credit hours by multiplying by .66.
- Courses with grades below C (2.0) do not transfer. If a student has earned a transferable Associates degree from a Washington community college or North Idaho College and has courses with grades below C, he/she will be given general elective credits to bring the total to junior standing.
- Pass (P) grades, or the equivalent, are accepted as elective credit only. Each pass grade must be equivalent to at least a C (2.0) grade. Documentation of the grade level must be provided for inclusion in the permanent file.
- Non-academic courses (vocational, technical, work experience, seminars, etc) **do not** usually transfer.
- **A maximum limit of 64 semester (96 quarter) credits may be transferred from a community college.** If you exceed that amount, elective credits will be taken away. There is no limit to the amount of credit that may be transferred from a baccalaureate institution. However, the last thirty credits of a degree and the majority of your major coursework must be completed at Gonzaga.
- Students with an earned Associate of Arts (AA-DTA) degree from Washington State Community Colleges or North Idaho College are given junior standing and have fulfilled many of the requirements of the University Core Curriculum. University Core requirements to be completed upon transfer include: First-Year Seminar, Christianity & Catholic Traditions, and Core Integration Seminar. Students will also take a major-appropriate college mathematics course, Reasoning, Human Nature, and Ethics, unless they have already fulfilled these requirements. Communication & Speech is recommended, but not required, for students who have not completed a course in speaking skills.

The AB-DTA (Associate in Business DTA/MRP) also fulfills University Core as indicated above as well as the lower division requirements for the School of Business except for: Business Computing, Business Statistics and Business Math Analysis, unless taken as part of the AB.

Students pursuing degrees in Engineering are advised to follow the AS-T degree guidelines, rather than the AA-DTA to meet pre-requisites for upper division Engineering coursework. Students with an AS-T degree are granted junior standing and evaluation of coursework is on a course-by-course basis.

In all cases, students are encouraged to contact the Transfer Counselor well before anticipated transfer for assistance with course selection.

- Credit for Advanced Placement (AP), International Baccalaureate (IB), Cambridge International and German Abitur exams may be granted if the scores meet the minimum requirements and official score reports are sent to the Office of Admission. Learn more here: <http://www.gonzaga.edu/Admissions/Undergraduate-Admissions/Apply/Running-Start-Credit-By-Exam/default.asp>.
- Credit for military training may be granted with proper documentation.

Transfer Evaluation Information

- Students transferring in more than 45 semester hours receive a waiver of the World/Comparative Religions Core requirement.
- Department Chairpersons approve transfer credit to be used in majors and minors. If a course equivalency needs to be established or changed, students must complete a Substitution/Waiver Form during their first semester at Gonzaga, obtain the appropriate signatures, and return to the Registrar to be placed their permanent file.
- The student's advisor, who is assigned by major department, will assist in planning degree completion. Any questions about a particular major area should be directed to the appropriate department.
- Students planning to compete with an athletic team at Gonzaga need to **contact the Athletic Department** at (509) 313-4202 to ensure compliance with NCAA regulations.
